This Application Document (AD) consists of the following Parts:

Part I. Scope of EPC

This Part includes a summary description and other data on this prequalification process and of the prospective project to be contracted by the Borrower Government/ Procuring Entity subsequent to this prequalification.

Part II. Instructions to Applicants (ITA)

This Part provides information to the Applicants in preparing and submitting their Applications for Prequalification (“Applications”) and the procedures for this prequalification process.

Part III. Data Sheet (DS) to ITA

This Part includes specific provisions that supplement Part II, Instructions to Applicants.

Part IV. Prequalification Criteria and Requirements

This Part specifies the criteria and requirements and the procedure to be used to determine how Applicants shall be prequalified and later to be invited to bid by Borrower Government / Procuring Entity.

Part V. Forms

This Part includes the Application Submission Form and other forms required to be submitted with the Application.

Part VI Questionnaire for Applicants

This questionnaire requires the prospective Applicants to furnish certain basic information, and confirm certain facts relating to their firm/ joint venture with respect to past performance and prospective engagement.

Part I. Scope of Work

Description of the Scope

The Export-Import Bank of India (Exim Bank or the Bank), on behalf of the Government of India (GOI), under the Indian Development and Economic Assistance Scheme (IDEAS) has approved financing of a project out of a Line of Credit (LOC) extended to the Government of the Republic of Maldives for the Reclamation of 228Ha of Land in Addu City as part of Addu Development Project.

As per the extant guidelines of IDEAS, issued vide letter no. 21/3/2015-IDEAS dated December 7, 2015, the Bank is required to invite Expression of Interest from Indian entities and carry out a prequalification exercise and provide a list of prequalified entities to the Borrower for invitation of bids for specific contract packages under the project(s) financed by the Line(s) of Credit.

In pursuance of the above, the Bank now seeks applications for prequalification of Engineering, Procurement and Construction (EPC) Contractors from eligible Indian entities. Refer Part II ITA 4 for eligibility provisions.

A] Project Background

The Addu Development Project (ADP) has been formulated to transform Addu City into a fully functional city, a thriving economic hub and an attractive tourist destination. Some of the key development objectives are:-

- **Stimulating the economy:** ADP entails public sector investments in the economy and the development of infrastructure required to enhance private sector investments that will spur economic growth.
- **Tackling high unemployment:** While Addu City is the second largest population base in the country, nearly three-fifths of the registered population of Addu City resides outside the city, due to lack of economic and employment opportunities. The proposed projects are expected to induce economic growth and create significant employment opportunities.
- **Enhance connectivity:** A key strategy across all GOM's national and regional development projects is to enable ease of movement and facilitate travel connections through reduced travel time and distance between jobs, services and homes. The construction of new roads and up gradation of existing roads in Addu will contribute significantly to this objective.
- **Addressing climate change and environmental protection:** The establishment of efficient storm water drainage systems in all the islands of Addu will alleviate the flooding that occurs due to seasonal rains. This project will incorporate elements to utilize the drainage system to replenish the scarce ground water resources on the islands.
- **Promoting decentralisation:** The project is in line and foreshadows the government's objectives of promoting decentralization. ADP will lay the foundation to develop Addu City to be a modern and thriving urban center in the South of the Maldives. By addressing the key issues of the availability of housing, employment opportunities and social infrastructure, the project will relieve the population congestion in Male'

As part of the overall ADP the following project components are planned to be constructed under EPC contract:

I. Reclamation by Dredging and Shore Protection Works

In order to preserve and protect the natural environment, a one-off land reclamation and shore protection project is proposed to create a land area of approximately 228 hectares. The proposed reclamation for purposes of residential, commercial, and industrial development is estimated for Hithadhoo (90 hectares), Hulhudhoo/Meedhoo (38 hectares including two island resorts of 5 hectares each), and Maradhoo/Maradhoo-Feydhoo (75 hectares). The zoning plans for these reclamation projects will facilitate the upgrading of existing harbor front facilities, allocation of land for trade and social uses, as well as residential needs of these communities. Furthermore, lagoons will be reclaimed to form Islands where the private sectors would be invited to develop resorts. Land reclamation and shore protection of an estimated 25 hectares is proposed to attract potential investors to develop 4 star "Lagoon Resorts" in the region.

II. Road, bridge & Utilities

Road works is another major component which comprises of paving about 40km of unpaved road and providing street lights and CC TV coverage for entire islands. In addition to this, the road work involves development of a new 4 lane bypass through the shallow back-reef on the ocean side connecting Hithadhoo Island with Maradhoo Island. The total length is about 1.5km out of which about 0.9km will be on embankment and will require shore protection and borrow material and the remaining length is bridged with two bridges of 210m and 450m length.

III. Storm Water Drainage

Storm water drainage systems is to be designed & constructed to establish an efficient storm water drainage system for the islands of Hithadhoo, Maradhoo, and Hulhumedhoo to efficiently alleviate the flooding that occurs due to seasonal rains.

This Pre-Qualification (PQ) document intends to shortlist qualified bidders for Reclamation by Dredging and Shore protection works under Engineering, Procurement and Construction (EPC) Contract. **Separate PQ has been invited for road, bridge, utilities and storm water drainage works with last date of application submission of Sep 14, 2020.**

Ministry of National Planning and Infrastructure (MNPI), on behalf of the Government of Maldives, with support from the EXIM Bank of India, has appointed a Design and Project Management Consultant (DPMC) for the Project. **The DPMC is preparing a Preliminary Design Report, Environment Impact Assessment (EIA) Report and Bid Documents on Engineering, Procurement and Construction basis for the Project.**

General details about site location

i) Temperature and Rainfall

The temperature of the Maldivian atolls does not vary much throughout the year due to its proximity to the equator. From the available data, it was observed that the period between March to June recorded the highest temperature, April being the hottest month. The period between July to September was also observed to record temperatures slightly lesser than the hottest months. The lowest temperatures were recorded between September to December

ii) Rainfall

The rainfall pattern in the Maldives is largely governed by the Indian Ocean monsoons. The South West monsoon lasts from May to October and the north-east monsoon occurs

from December to February. From the rainfall statistics recorded at S.Gan, it is observed that the annual mean rainfall is higher during South West Monsoon (in the month of October) and lower during North East Monsoon (in the month of February).

iii) Waves

Based on the available data it is observed that locally generated wind waves with shorter wave periods (4 – 8 seconds) approach the atoll from South East and North East Directions whereas swell waves generated from the Indian Ocean, with longer period ranging from 10 – 24 seconds, approach from South Southwest. The significant wave heights generally range from 0.5 to 3.5m.

iv) Tide Levels:

Tide Levels at Gan Airport, (Source: University of Hawaii, Sea level Center, 1987 to 2001).

Highest Astronomical Tide (HAT)	+0.67MSL
Mean Higher High Water (MHHW)	+0.38 MSL
Mean High Water (MHW)	+0.33 MSL
Mean Sea Level (MSL)	0.00 MSL
Mean Low Water (MLW)	-0.33 MSL
Mean Lower Low Water (MLLW)	-0.41 MSL
Lowest Astronomical Tide (LAT)	-0.72 MSL

v) Nearest Airport

Gan International Airport in Addu City is an International Airport and is well connected by air to Male, Colombo and Middle East.

vi) Port

Hithadhoo Regional 'Port (HRP is the port located in Hithadhoo area of Addu City. It is operated by Hithadhoo Ports Limited (HPL). HRP is the main distribution hub in the southern region for containerized, general cargo.

B] Proposed Scope for reclamation in Addu

The scope of work of the EPC Contractor is to reclaim an area of about 228Ha which will be used for the purpose of residential, commercial, and industrial development. In addition to this, the contractor is required to construct about 0.9km of embankment as part of 4 lane bypass in shallow waters and provide shore protection. The sand required for reclamation is to be sourced from within the Lagoon. The scope shall include but not limited to the following:

- Carry out sand search survey and sample analysis to determine the borrow areas and available volume of borrow material, and also to establish the suitability of material for dredging using Trailer Suction Hopper Dredger (TSHD) as well as reclamation.
- Contractor shall carry out field surveys such as topographic survey, bathymetry survey and geotechnical investigation at all reclamation locations;
- Reclamation of about 228Ha which includes sourcing of suitable material within the Addu Atoll where the water depths are greater than 45m and if required from nearby Atoll.
- Provide shore protection system for approximately 14km to protect the reclaimed land from erosion duly considering the functional requirements and the prevailing hydro dynamic factors at site;
- Carrying out necessary ground improvement for the reclaimed area. Allow land to be reclaimed sufficiently in advance of the development for consolidation and ground treatment as appropriate;
- Suitable arrangements for storm water from existing land to drain where newly reclaimed

- lands abut existing land; and
- Compliance with Environmental Clearance: Contractor shall prepare Environmental Management Action Plan (EMAP) and shall monitor and evaluate the potential impacts due to the project, and provide suitable rectification measures if necessary. Contractor to carry out all relevant surveys for monitoring the environmental parameters

For this PQ exercise components of Work under EPC Contractor scope:

The components of work for the EPC contractor shall include dredging, reclamation and shore protection works at the following locations in Addu City:

1. Component-01- Reclamation by Dredging

Sourcing of suitable material for the reclamation works shall be done at approved locations within Addu Atoll. Contractor shall carry out necessary surveys/investigations to identify the availability of required fill material and to demarcate the borrow areas in compliance with existing Environmental Regulations. For reclamation fill material, contractor has to mobilize suitable manpower and equipment; especially the dredgers (TSHD) which can dredge the material within the Atoll where the water depths are as deep as 75m and hydraulically pump the material through shore pumping system. The contractor shall carry out necessary ground improvement which shall meet the proposed functional requirement of the reclamation area. If sufficient quantity is not available within Addu Atoll, alternate borrow areas must be identified from nearby Atolls. The total volume of dredge fill material required is 6.30 Million Cum approximately spread across the various reclamation sites.

The borrow area shall be identified by carrying out a sand search survey within the Addu Atoll as per the area marked in Figure 1 given in the Annexure.

2. Component-02- Shore Protection

The reclaimed land shall be provided with suitable protection works at all locations. The shore protection shall be designed to withstand the prevailing hydrodynamic condition at the project site and to meet the functional requirements. The details and specification shall be shared with the shortlisted bidders. The following types of materials shall be used for shore protection works

- Rock fill bedding layer, Rock Armour;
- Geotube; Geotextile; and Geobags

The details of the proposed reclamation and shore protection works sites are briefed below. The length of shore protection works mentioned below are approximate.

i) Reclamation and Shore protection works at Hithadhoo:

The reclamation area at Hithadhoo is proposed to be on the lagoon side and is divided into two zones. Zone 1 is proposed on the north of Hithadhoo port access road and Zone 2 is proposed on the south of Hithadhoo port access road. The reclamation area of Zone 1 and Zone 2 are 50 hectares and 40 hectares respectively. The length of shore protection works is about 4600m.

- ii) **Reclamation and Shore protection works at Hulhudhoo/Meedhoo:**
The total area to be reclaimed at this location is 38 hectares. Out of this, 28 hectares is to be developed near Hulhudhoo harbor abutting the existing land and balance 10 hectares is to be developed as two islands of 5 Ha each in Meedhoo area for Island resorts. The length of shore protection works is about 2700m.
- iii) **Reclamation and Shore protection works at Maradhoo/Maradhoo-Feydhoo:**
The proposed reclamation is along the west coast of Maradhoo Island on the ocean side. Total area of reclamation at this location is 75 hectares. The length of shore protection works is about 3200m.
- iv) **Reclamation and Seawall at Lagoon resorts:**
Islands for lagoon resorts are proposed at three locations on the northern reef. The approximate area of each island is 8.3 hectares. For Lagoon resort 1 and 2, the area allocated is on western side of northern reef which is close to Hithadhoo and Lagoon resort 3 is located on eastern side of northern reef which is close to Hulhudhoo. The length of shore protection works is about 4150m.
- v) **Reclamation and Shore Protection for Four Lane bypass**
The 4-Lane road for the Link Road diversion consists of bridge structure, approach embankment on Southern tip of Hithadhoo, in between the two bridge structures and approach road connecting to Maradhoo existing road. The reclamation with suitable shore protection works shall be constructed for permanent road works in embankment portion. For bridge construction, temporary embankment with shore protection shall be constructed. The approximate length on each side of permanent & temporary shore protection works to be constructed is 500m and 660m respectively. The top width of embankment will be about 21m.

D] Contract Execution Period

The duration of the contract is expected to be 18 months (eighteen months) plus defects liability period of 12 months (twelve months).

D] GOI Guidelines

As per the GOI guidelines, goods and services for minimum 75% value of the contracts covered under the Lines of Credit, must be sourced from India. Applicants are advised to refer to the GOI guidelines mentioned above which are also available at:

Part II. Instructions To Applicants

A. General

1. Background

- 1.1 The Export-Import Bank of India (hereinafter called “the Bank”), on behalf of the Government of India (GOI), extends from time-to- time, concessional credit facilities (hereinafter called “Lines of Credit”) under the Indian Development and Economic Assistance Scheme (IDEAS) to overseas governments or their nominated agencies (hereinafter called “Borrower or Employer”), for financing projects to be executed by Indian entities. Payment by the Bank to the Indian exporters will be made only at the request of the Borrower and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the credit (or financing) agreement.

2. Scope of Prequalification

- 2.1 With reference to the Invitation for Prequalification (IFP) indicated in Part III, Data Sheet (**DS**), this Application Document (“Application Document”) is being issued by the Bank to prospective applicants (“Applicants”) interested in submitting applications (“Applications”) for prequalification as per the scope described in Part I, Scope of EPC and subject to the provisions of this Application Document.

3. Ethics and Integrity

- 3.1 The Bank requires Applicants to participate in this prequalification process with the highest standards of ethics and integrity. It is strictly forbidden to the parties involved in the prequalification process, by themselves or by a third party, to offer, ask or accept for itself or for a third party, financial or non-financial advantage or even direct or indirect promise or any other acts¹, as offsets for prequalification or bidding or contract award and execution as applicable, if susceptible of being qualified as criminal unlawful acts in accordance with national laws of any party involved.
- 3.2 In pursuance of ITA 3.1 above, Applicants shall permit the Bank to inspect all accounts, records and other documents relating to the submission of the Application, bid submission (in case prequalified), and contract performance (in the case of award), and to have them audited by auditors appointed by the Bank.
- 3.3 If, in accordance with the administrative procedures of the Bank, it is demonstrated that an Applicant in this prequalification process, or during the subsequent bidding for the contract(s) has violated the provisions stated in ITA 3.1 above, the Bank, inter alia,

¹ These acts shall include, but not limited to, corrupt practice, fraudulent practice, collusive practice, coercive practice, obstructive practice, and conflict of interest.

- a. shall reject any Application for prequalification or proposal to award a contract in connection with the subsequent procurement process, as applicable; and/or
- b. may declare an Applicant, temporarily or permanently, ineligible to be awarded future contracts under Bank funding.

4. Eligibility of Applicants

- 4.1 This prequalification exercise is open to only Indian Applicants in accordance with the provisions of ITA 4.4. Any form of association by the Applicant with ineligible entities either during this prequalification process or subsequent bidding process may be liable for rejection.
- 4.2 For the purpose of applying the eligibility criteria listed in this article 4, "Applicant" would include the single entity or in case of a joint venture ("JV"), each member of the JV, involved or intended to be involved with this prequalification process (as mentioned in Form A.1.2 Applicant's JV Member's Information Form), for any part of the prospective contract(s) including related services.
- 4.3 An Applicant may be a single entity or a combination of entities in the form of a JV either existing or with the intent to enter into a JV supported by a letter of intent or JV Agreement listing out the names of all the JV members. In the case of a JV, all members shall be jointly and severally liable for the execution of the contract(s) in accordance with the respective contract terms. The JV shall be represented by an authorized representative who shall have the authority from all members of the JV to conduct all business for and on behalf of the JV during the prequalification process. The limit on the number of members in a JV would be as specified in the **DS**.
- 4.4 This prequalification exercise is open to only Indian Applicants. An Applicant shall be deemed to be Indian if the Applicant is constituted, incorporated or registered, and operates in accordance with the provisions of the laws of India, as evidenced by its articles of incorporation and its registration documents, as the case maybe.

Equivalent amount in USD shall be arrived at using the exchange rate as on 31st March of respective financial year as specified in the DS;

	<p>(a) for data related to Liquidity, Annual Residual Contract Value and contracts signed in the current financial year, unless otherwise specified in the DS, the exchange rate prevalent as on the working day preceding the date of Invitation for Prequalification (IFP) shall be used to arrive at the USD equivalent as specified in the DS; and</p> <p>(b) for contracts signed prior to the current financial year, the exchange rate as on 31st March of the respective financial year in which the contract was signed shall be used to arrive at the USD equivalent as specified in the DS.</p>
14. Authorized Signatory and Number of Copies	<p>14.1 The Applicant shall prepare one original of the documents comprising the Application as described in ITA 10 and clearly mark it "ORIGINAL". The original of the Application shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Applicant. In case the Applicant is a JV, the Application shall be signed by all members of the JV.</p>
15. Preparing the Application Envelope	<p>15.1 The Applicant shall enclose the original Application in a sealed envelope that shall:</p> <ul style="list-style-type: none"> (a) be addressed to the Bank, as per ITA 16.1; (b) mention the name and address of the Applicant; and (c) mention the specific identification of this prequalification process indicated in ITA 2.1. <p>15.2 The Bank will accept no responsibility for not processing any envelope that was not prepared as required in ITA 15.1 above.</p>
16. Application Submission Deadline	<p>16.1 Applicants must submit their Applications in dual mode (on-line as well as off-line). Applications shall be received by the Exim Bank at the address and no later than the deadline indicated in the DS.</p> <p>16.2 The Bank may, at its discretion, extend the deadline for the submission of Applications by amending the Application Document in accordance with ITA 7.</p>
17. Late Applications	<p>17.1 Applications received after the deadline for submission of applications shall not be admissible, and if received, shall be returned unopened to the Applicant.</p>
18. Opening of Applications	<p>18.1 The Bank shall open all Applications at the date, time and place specified in the DS. Applicants' representatives may be present during opening.</p>

D. Procedures for Evaluation of Applications

19. Evaluation to be Confidential

- 19.1 Information relating to the Applications, their evaluation and result shall be confidential and will not be disclosed to Applicants or any other person(s) not officially concerned with the prequalification process until the official notification of prequalification results is made in accordance with ITA 25.
- 19.2 From the deadline for submission of Applications to the time of notification of the results of the prequalification in accordance with ITA 25, any Applicant who wishes to contact the Bank on any matter related to the prequalification process (except as specified in ITA 20.1 below), may do so only in writing. Canvassing in any form will be grounds for disqualification.

20. Clarifications during Evaluation

- 20.1 During the evaluation of Applications, in case of ambiguity, the Bank may, at its discretion, ask an Applicant for a clarification of its Application, to be submitted within a stated reasonable period of time. Any request for clarification from the Bank and all clarifications from the Applicant shall be in writing. Any clarification submitted by an Applicant that is not in response to a request by the Bank may not be considered.
- 20.2 If an Applicant does not provide (within the time allowed) clarifications and/or documents requested as per the Bank's request for clarification, its Application shall be evaluated based on the information and documents available at the time of evaluation of the Application.

21. Determination of Responsiveness of Applications
